# Successful Museum Education Techniques

Wednesday, October 14, 2009 • 11-1 p.m.  
Arizona Museum for Youth, Mesa

With the sluggish economy do you want to provide and promote more community involvement in your museum? Would you like to grow your volunteer program? Are your docents' tours interactive and tell a story that visitors will remember? Join Kim Huber, Anna Johnson and Nancy Cutler, authors of *The Museum Educator's Manual: Educators Share Successful Techniques* (AltaMira Press) to learn of some tried and true techniques and suggestions that could enhance and promote your museum education programs, volunteer management and more! Following the presentation there will be light refreshments (feel free to bring your own brown bag lunch too) and a tour of the facility.

## LOCATION AND INFORMATION

The Arizona Museum for Youth (AMY) is located in downtown Mesa near the Arizona Museum of Natural History, at the corner of Robson & Pepper Street. From the 60 or 202, exit Country Club Drive toward downtown Mesa, taking Main Street to Robson Street. Free street and 3 hour parking is available. The program will take place at the Outdoor Classroom space (enter the Museum through the main entrance).
